

International student conference – How-tech are you?

22.04.2004 at 14:00 in Cankarjev dom, Cultural and Congress Center, Štih Hall

The goal of this year's conference is to discuss different viewpoints of the role, that technology has in student's every day life – technological, sociological, business, entertainment, etc. Broad range of different presentations will give start to a discussion, that will define the role of technology, find grounds for such an extensive deployment and put out key advantages, disadvantages and further demands that students find most important and interesting.

Every opinion counts! Join in!
